

Paul Became a Missionary

Acts 13-14

Family Discussion Starters:

- What difficulties did Paul and Barnabas have to endure while sharing the gospel?
- How can the work of missionaries help us be bolder in sharing the gospel with others?

Family Activity:

Visit a local nursing home and lead a time of worship and Bible study for residents. Prepare activities like a Bible story, craft, or songs. Explain to kids that Paul visited different cities to share the gospel, and you can also visit people in your own community to share Jesus' love.
